The above information was read and compiled in 2004 by Millie Covey Fry and Francis Parlin. Patriots with markers listed in the "DAR Plot" are veterans of the American Revolution who are believed to be buried in Washington County (or within the boundaries of Washington County as it existed at the time of their death), but whose final resting place is unmarked and unknown. The map on the cover details the burial plots of the 37 Revolutionary War veterans believed to be buried in Mound Cemetery is a re-creation of the large plaque, designed by F. Graydon Bay, located at the end of the brick walkway. If you have any additional information and/or corrections about any of these Patriots, please contact us.
